GROUP TOUR RESERVATION FORM

(School tours)

Thank you for planning a visit to the Bowne House. Bowne House, built by John Bowne in 1661 or earlier, is the oldest house in Queens. It is an amalgam of both New World Dutch and English traditions of building, with rare and often unique examples of construction types used by both groups. Continuity of ownership by the Bowne and Parsons families provides an interesting view of changing cultural values and increased prosperity over time. The house was occupied by nine generations of the family, whose offspring have included prominent politicians, businessmen, educators, abolitionists and horticulturalists.

Bowne House is noted for its connection to the principle of religious freedom on America, due to the courageous actions of John Bowne. In 1662, he defied a ban on the imposed by Governor Peter Stuyvesant and permitted Quakers to worship in his home. His arrest and deportation to Holland was followed by his successful plea before the Dutch West India Company. He returned home victorious in 1664, and the principle of freedom of conscience was established in the colony.

Bowne House is a city and state landmark and is listed on the National Register of Historic Places as a New York State Site of National Significance.

We can accommodate school groups of up to 30; adult groups should range from 8-15.

Complete this reservation form and enclose a deposit check for \$30 payable to the Bowne House Historical Society. The flat fee group fee for tours is \$75. The balance is payable at the time of your visit.
